All sleeves and envelopes on this page are made of Melinex® – a high-clarity polyester film with high tensile strength and chemical stability to keep stored materials in place. Super-clear material is chemically inert, and will not discolour, cause damage to contents, or adhere to stored materials. Protects documents, photos, prints, and more from dust, dirt, and fingerprints.

## Archival Melinex® Envelopes

Archival-safe, high-clarity polyester envelopes are sealed on three sides

- Short side of each envelope is open; back extends 1/2" for easy access

- Super-clear envelopes are stable, inert, and will not adhere to the surface of stored photos
- 10 envelopes per pack
