What Is Digital Signage?

Digital signage, also known as electronic signage, refers to display technologies like LED walls, projection monitors, and LCD monitors that vividly display messages, videos, or digital images.

The Digital Difference:

- Attractive format grabs attention to convey key information to students and visitors at a glance
- An easily maintainable solution for constantly changing messages
- Promote programs, provide emergency alerts and messages, and more
- Manage one or multiple signage locations locally, or from remote areas

How to Order Your Own Custom Engraved Signage

1. Size and Shape: Decide on the specific height and width of the sign by choosing from signs on page 214. Custom sizes and shapes are also available; call for a quote.
2. Choose a single-sided or double-sided laminate/lettering option.
3. Typeface: Pick a typeface and specify font size; sizes may be limited depending on sign choice. Other typefaces may be available, or send a sample for exact matching.
4. Layout and Format: Clearly print or type the wording for your sign. Choose layout (flush left, flush right, or centred) and format (UPPERCASE, Upper and Lowercase, or lowercase).
5. Sign Shape and Drilling: Choose square or radius corners. Drilling for permanent mounting is provided free of charge – just ask.
6. Translation: Provide translation for French or Spanish sign; accent marks are available on lowercase letters only.
7. Braille: Grade 2 Braille translation may be added to the bottom of your sign; may alter the overall size of your sign.
8. All specifications must be submitted in writing.
